Campus & Academics

Growing Together, Learning Beyond Borders

At IIT Madras Zanzibar, learning goes beyond the classroom. Students from different backgrounds come together to learn, explore new ideas and prepare for opportunities that reach far beyond campus.

Learning in Progress

The March-June semester brought students across the BS programmes, alongside M.Tech programmes, through another phase of their academic journey. Classes, projects and examinations kept the campus community engaged, with the semester's final examinations concluding in July.

Welcoming New Learners

The admissions process brought new students closer to joining the IITM Zanzibar community. Alongside the BS and M.Tech admissions, the PG Diploma programme moved forward following approval by the IIT Madras Senate, extending learning opportunities to locations across Africa and the Middle East.

Learning Beyond the Classroom

Internships and career opportunities remain an important part of the student experience. The source report highlights internship placements for second-year students and continued efforts to connect graduating M.Tech students with employment opportunities.

Building Capacity Through Collaboration

Learning Together, Growing Together

Building Capacity for the Future of Public Auditing

IIT Madras Zanzibar joined hands with the Comptroller and Auditor General of India (CAG) to host an international training programme on Data Science, Artificial Intelligence and Cyber Security Audit - the first of its kind organised outside India. Conceptualised by CAG of India and supported by the Ministry of External Affairs, Government of India, and the Office of the High Commissioner of India to Tanzania, the programme brought together senior audit professionals from Supreme Audit Institutions across Africa. IITM Pravartak Technologies Foundation coordinated the initiative.

Through this two-week certification course, participants explored how emerging technologies can strengthen public-sector auditing, improve accountability and help build future-ready audit institutions. The programme also created space for sharing experiences and strengthening professional connections across the region.

The initiative reflects a shared commitment to knowledge exchange, capacity building and stronger India-Africa collaboration in emerging technologies.

Beyond the Training Sessions . . .

The visit was also an opportunity to connect beyond the classroom. Official interactions and a Swahili night gave participants time to engage with one another and experience the warmth of local culture.

NACTVET Conducts Annual Supervision Visit

The National Council for Technical and Vocational Education and Training (NACTVET) conducted its annual routine supervision visit to IIT Madras Zanzibar.

The visit assessed the campus's compliance with technical education and training standards and included an inspection of campus facilities.

Exploring Collaboration with Zanzibar Ports Corporation

Officials from Zanzibar Ports Corporation (ZPC), led by Director General Akif Ali Khamis, visited IIT Madras Zanzibar for discussions on potential areas of collaboration and foccused on research support through IIT Madras' National Technology Centre for Ports, Waterways and Coasts, a revamped M.Tech in Marine Engineering with subjects relevant to ZPC, and opportunities involving startups.

At the World Tourism Day Event

Prof. AK Suresh led a faculty team from IITM Zanzibar at the World Tourism Day event held at Hotel Verde and organised by the Ministry of Tourism and Antiquities.

The team exchanged views with the Ministry's Permanent Secretary, Dr. Aboud Suleiman Jumbe, as part of the wider engagement with Zanzibar's tourism sector.

CONNECTING IDEAS WITH IMPACT

TECHNOLOGY AND AI EXPO ZANZIBAR 2026

IITM Zanzibar participated in the Tech & AI Expo Zanzibar 2026, engaging with the participants and the representatives from across the technology ecosystem.

During the expo with HRH Princess Azola Mabinza of the Xhosa Kingdom of South Africa.

TEAM NEXT GEN ZANZIBAR SECURES THIRD PLACE

IITM Zanzibar Team Next Gen Zanzibar secured **third place** at the Tech & AI Expo 2026, winning a prize of **TZS 1.5 million**.

IDEAS IN ACTION

Prof. Prabhu Rajagopal, Director in Charge, IITM Zanzibar, represented the campus at the Tech & AI International Expo 2026.

On 29 September in Zanzibar, he participated in a high-level fireside chat titled **“Connected Citizens, Empowered Industries & AI-Enabled Governments.”**

The discussion placed technology and artificial intelligence in the context of public services, industrial development and citizen engagement.

ACHIEVEMENTS IN FOCUS

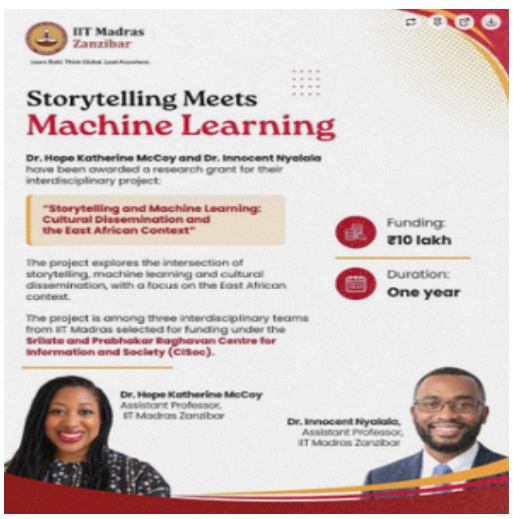

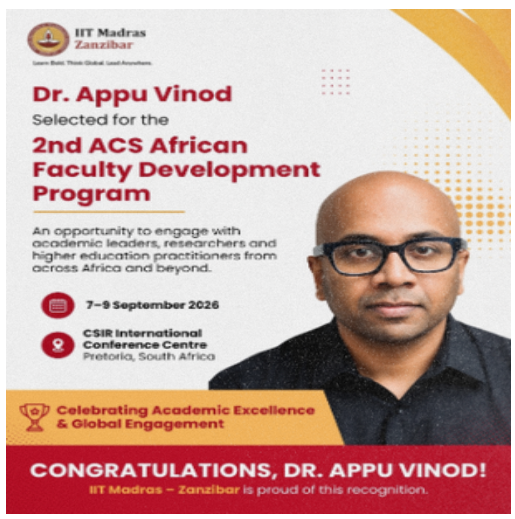

FROM EXPLORING NEW FRONTIERS IN AI TO DEVELOPING PRACTICAL SOLUTIONS FOR REAL-WORLD CHALLENGES, IITM ZANZIBAR'S FACULTY AND RESEARCH COMMUNITY CONTINUE TO MAKE THEIR MARK.

INDUSTRY & KNOWLEDGE EXCHANGE

LEARNING BEYOND CAMPUS

DARAJA SEMINAR SERIES

Creating a space for ideas, expertise and collaboration between academia and industry through conversations that connect learning with real-world challenges.

Through expert-led webinars, IITM Zanzibar continues to bring industry perspectives into the academic environment, with discussions spanning sustainability, recycling, engineering and sustainable design.

CELEBRATING OUR INTERNS

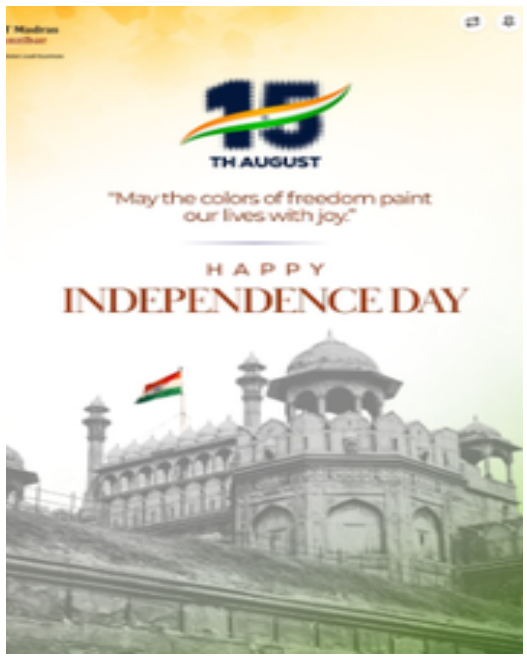

A proud moment for IITM Zanzibar's interns as they received certificates from VIGOR Group, recognising their learning and industry experience.

CAMPUS LIFE & OPPORTUNITIES

CELEBRATING INDEPENDENCE DAY

IIT Madras Zanzibar joined in celebrating India's Independence Day, honouring the spirit of freedom and the enduring friendship between India and Tanzania.

OPPORTUNITIES TO BE PART OF OUR CAMPUS

IITM Zanzibar continued to strengthen its campus community by creating opportunities for dedicated professionals and educators to contribute, share knowledge and grow through campus roles and international teaching experiences.

With heartfelt condolences and in solidarity with the people of Tanzania.
